

IMPORTANT INFORMATION REGARDING YOUR ORDER

On September 26, 2006 RxNorth transferred responsibility for order fulfilment (medication dispensing and shipment) to CanadaDrugs.com. As such you may notice that your medications, receipts and other correspondence will have CanadaDrugs.com information on it per pharmacy regulations. You may still contact RxNorth.com by calling Toll-Free to 1-888-700-1119 if you have questions regarding this or any other matter and to place future orders.

The following is a copy of the official RxNorth.com press release regarding transfer of order fulfilment to CanadaDrugs.com:

“ Minnedosa, Manitoba, September 26, 2006 – As a leader in the direct mail order pharmacy industry, RxNorth.com’s primary concern has always been patient care and safety. With that in mind, RxNorth.com officials announced today that the company will be transferring the function of dispensing prescriptions to CanadaDrugs.com (www.canadadrugs.com).

This decision was made in the interest of continuity of patient care, medication supply and to maintain the same high standards of customer service and safety that RxNorth.com has always provided.

To ensure compliance with professional and all regulatory requirements, there will be a transition period for the transfer. RxNorth.com will continue to work closely with CanadaDrugs.com to ensure the smooth transfer of services and the continuation of service to those in need of safe, low-cost chronic care medication.

Customers are encouraged to contact RxNorth.com through www.rxnorth.com or 1-888-700-1119 for more information.
